Reading a Bus Schedule

1. On the top of each timetable, look for names like “Weekday Inbound” or “Saturday Westbound” to determine which timetable to use.
2. Then look at the numbered dots, called time points, with names of places where buses stop. The listing does not include all bus stops, but buses will stop at all stops along your route.
3. Find the time points closest to where you are and where you want to go.
4. Check the column of times under your destination to find the time you want to arrive.
5. Find the time point nearest the place you want to board the bus. There will be a stop along the route within two blocks of that location — just look for your route number on the bus stop signs at each corner.
6. Then move your finger left along that line to your origin to determine your departure time. If you’re not catching the bus at the time point listed, refer to the time point before your stop.
