

MOBILITY FOR ALL

With METRONow, our focus shifts to a plan that targets improvements we need to make today.

Safe

Clean

Reliable

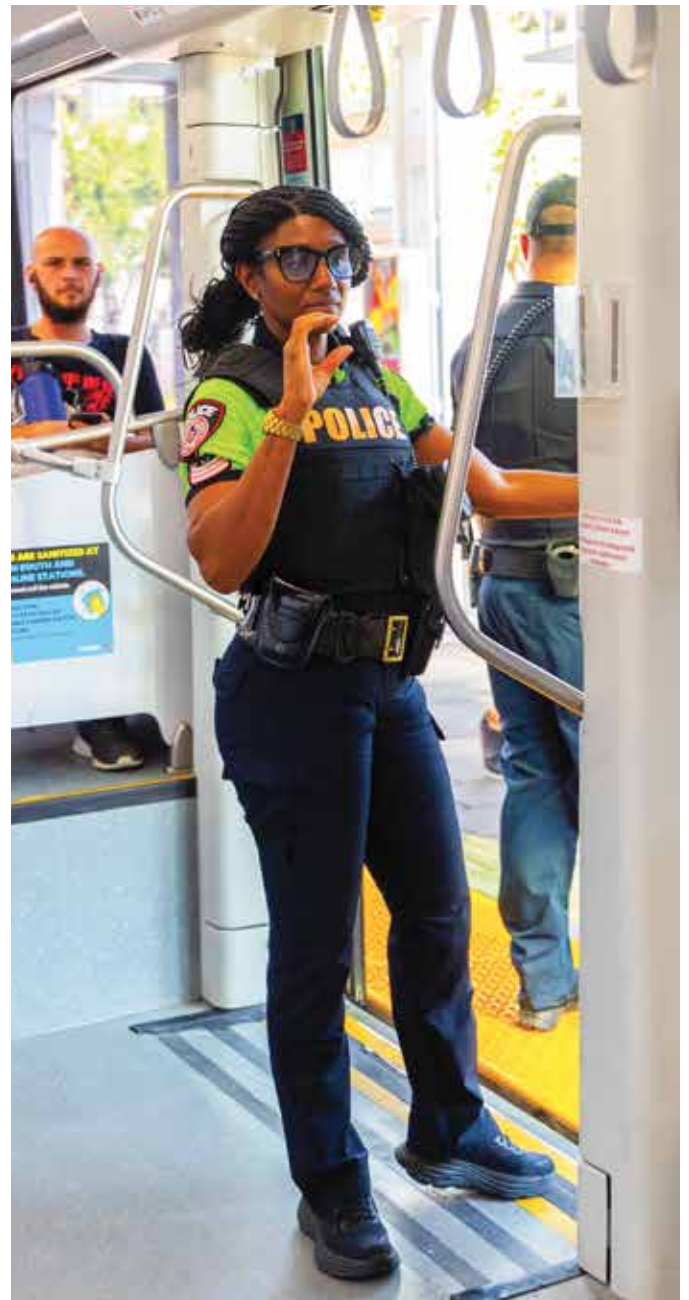

Accessible

Safe

Safety is our number one priority — we're investing \$7M for security resources.

- Implementing METRO Police and security patrols on board buses and trains
- Growing our security presence by adding new officers and METRO Police Department (MPD) substations
- Adding text capability to the MPD main phone line
- Utilizing drone technology
- Replacing and upgrading security cameras across the system with the installation of more than 500 safety devices and \$2.7M in dedicated budget
- Installing new lighting and security fencing near rail platforms at the Northline and Wheeler Transit Centers

Clean

We're dedicating \$2.4M in fiscal year 2025 to increase daily cleaning frequency across the system.

- Cleaning buses and trains daily
- Instituting spot checks to remove litter on rail cars at the end of each line
- Purchasing eight street sweeper vehicles and eight vacuum trucks to clean areas where METRO buses run
- Refurbishing trains and removing vehicle wraps to improve safety and visibility

Reliable

METRO is improving the frequency of service on routes with high demand and working to improve on-time performance.

- Refreshing our fleet with 350 buses
- Replacing 100 METROLift paratransit vehicles
- Restructuring routes and restoring pre-pandemic service as needed
- Expanding METRO curb2curb service
- Reviewing necessary service modifications
- Evaluating locations where Park & Ride facilities are needed
- Prioritizing direct routes to and from the airport which will be permanent fixtures in the METRO system

Accessible

We're investing in accessibility projects to sustain a thriving region while keeping people moving.

- \$100M Sidewalk, Crosswalk and Street Improvements
- \$200M Inner Katy Project
- \$300M Gulfton Revitalization Project
- \$100M Mobility Bypass Solutions
- 700 additional bus stops to be fully accessible by the end 2025 in addition to the 5,600 already completed

NOW ARRIVING... MICROTRANSIT

METRO's new Community Connector is our on-demand service that allows riders to travel by booking a quick trip on the Ryde app.

- METRO is dedicating \$10M to expanding microtransit options in fiscal year 2025
- Climate-friendly, electric vehicle service in downtown and the Second and Third Wards
- Bridges the gap between "first and last mile" of a customer's journey

Scan the code to get the Ride Circuit app and book your ride.
